

AP U.S. History Presentation Proposal (20 Points)

For your culminating project this year, you will research a topic in European History of your choice and present your findings to the class. You need to consider the following in choosing your topic:

- Why is this topic worth our class time?
- What is the significance of this topic in European History?
- How does this topic connect to the broader trends (political, economic, social) of the time?

With regards to your presentation itself, you must consider the following:

- What resources will you use during your presentation?
- How will you actively engage the class during your presentation?

A written proposal that addresses all of these questions must be submitted and approved before you move on with your research.
